

ERASMUS PROGRAMME

Responsibilities (for studies abroad)

Name:

Contract No. :

The Erasmus Coordinator of Intercollege has explained all the necessary regulations regarding my studies mobility. Specifically I understand that:

- A. Upon my arrival at the Host Institution I need to have my learning agreement signed and sent back. If I have to change the courses I planned to take, I need to have the approval of my advisor in Cyprus.
- B. The funding I receive concerns my expenses as a student in the host country for the period defined in the contract. Upon the completion of my studies, I **MUST** return to Cyprus within 15 days. In case I return earlier than the time specified in the contract, an amendment to the contract must be signed and I have to return any funding for the time I have not been in the host country.
- C. I have received the first installment. The second installment will be deposited in the bank account – in Cyprus – the details of which I have provided to the College. For the third and final installment I need to provide the following documents when I return to Cyprus:

- 1. Erasmus Mobility Certificate
- 2. Confidential Supervisor's Report or letter of confirmation from Host Institution
- 3. Final Learning Agreement signed
- 4. Final Report Form for Studies
- 5. Copy of air ticket
- 6. Original boarding passes
